

Interlocal Agreement Creating the Regional Economic Area Partnership to Serve and Promote the Interests of Local Governments in South Central Kansas

This agreement is made and entered into this ___ day of _____, 2016, pursuant to the authority granted to cities and counties under the Interlocal Cooperation Act, K.S.A. 12-2901 *et seq.*, and it is understood that the cities and counties as parties to this agreement are “public agencies” as defined by K.S.A. 12-2903.

1. Establishment

That it is agreed between the parties to this agreement that there is hereby created a separate legal entity to be known as the “Regional Economic Area Partnership” (hereinafter referred to as “REAP”), to conduct the joint and cooperative action provided for in this agreement. REAP shall constitute a body corporate and politic, and shall have the powers as set out herein. That REAP shall be a voluntary organization of, by, and for the local governments of South Central Kansas. Furthermore, this agreement supersedes and nullifies any previous interlocal agreements established between the parties to this agreement creating a similar organization that has been in existence since July 14, 1997, for cities; and June 14, 1999, for cities and counties. Any action taken by the existing REAP organization pursuant to the previous interlocal agreement shall remain valid and continue in full force and effect until amended or nullified by the parties pursuant to this agreement.

2. Nature and Purpose of Interlocal Agreement

Cities and counties of South Central Kansas as parties to this agreement hereby enter into this agreement for the purposes of permitting said entities to make efficient use of their powers by enabling them to cooperate with each other in the joint effort and function of economic development and to recognize the need and value to jointly plan for facilities and services of an area-wide or multi-jurisdictional nature, in order to strengthen local governments, improve public service, and to serve the interests of South Central Kansas on matters of political and economic concern. The parties also recognize the need to inform each other of proposals, plans, developments, and operations which have an area wide or regional impact and significance, and while recognizing that not all of these activities need to be jointly planned or coordinated, the parties hereby agree to bring such matters to the attention of REAP for its review.

In addition, the parties understand the need to strengthen both the individual and collective authority of local governments and help identify and address regional opportunities, resolve regional problems, develop and support common legislative positions, work in concert on issues and challenges which originate outside of the regional boundaries, eliminate unnecessary duplication, and address common issues facing each geographical area.

The primary objective of REAP will be to provide a forum and means to address regional issues and concerns, including but not limited to:

- a. Promoting communication among members and the identification and resolution of common regional problems or challenges.
- b. Providing a common voice on legislative actions for the protection and benefit of the region and its member communities.
- c. Improving economic development and job recruitment to the area.
- d. Acting in an advisory capacity to exchange and review various programs that are of regional significance and matters referred to it by individual members.
- e. Maximizing the attainment of federal and state grants and assistance into the region.
- f. Providing technical assistance to member local governments upon request.
- g. Working toward the solution of environmental challenges, including the protection of air, water, and land resources.

REAP may also extend membership to specific local units of government outside of the above defined region by approval of a two-thirds vote of members present and voting at any REAP meeting. Each party to this agreement is entitled to one voting member and one alternate member (who is allowed to vote in the absence of said voting member) to the governing body of REAP. Each party to this agreement shall have the authority to designate said member and alternate member in whatever manner said government deems appropriate.
